

HIV transmission through breastfeeding/chestfeeding: A non-exhaustive list of journal articles

Breastfeeding among people with HIV in North America: a multisite study. J. Levison et al. (Clinical Infectious Diseases 2023).

DOI: [10.1093/cid/ciad235](https://doi.org/10.1093/cid/ciad235)

<https://pubmed.ncbi.nlm.nih.gov/37078712/>

Breastfeeding by Women Living with Human Immunodeficiency Virus in a Resource-Rich Setting: A Case Series of Maternal and Infant Management and Outcomes. N. Nashid et al. (Journal of the Pediatric Infectious Diseases Society, Vol 9:2, April 2020).

<https://pubmed.ncbi.nlm.nih.gov/30753640/>

Breastfeeding with HIV: a retrospective case review. N. Fitzgerald et al. (HIV Medicine Vol 20:5, 38, April 2019).

<https://doi.org/10.1111/hiv.12739>

Brief Report: HIV-Positive and Breastfeeding in High-Income Settings: 5-Year Experience from a Perinatal Centre in Germany. F. Weis et al. (Journal of Acquired Immune Deficiency Syndrome 2022; 90(4): 364-7).

https://journals.lww.com/jaids/Abstract/2022/12010/Brief_Report_HIV_Positive_and_Breastfeeding_in.4

Does U=U for breastfeeding mothers and infants? Breastfeeding by mothers on effective treatment for HIV infection in high-income settings. C. Waitt et al. (The Lancet Vol 5:9, E531-536, September 2018).

<https://academy.hivjustice.net/resource/does-uu-for-breastfeeding-mothers-and-infants-breastfeeding-by-mothers-on-effective-treatment-for-hiv-infection-in-high-income-settings-2018/>

Eliminating HIV transmission through breast milk from women taking antiretroviral drugs.

A. Goga et al. (*BMJ* Vol 374, 1697, September 2021).

<https://academy.hivjustice.net/resource/eliminating-hiv-transmission-through-breast-milk-from-women-taking-antiretroviral-drugs-2021/>

Experience and Outcomes of Breastfed Infants of Women Living with HIV in the United States: Findings from a Single-Center Breastfeeding Support Initiative. HE Yusef et al. (*Journal of the Pediatric Infectious Diseases Society* 2022; 11(1): 24-7).

<https://academic.oup.com/jpids/article/11/1/24/6458380>

From Undetectable Equals Untransmittable (U=U) to Breastfeeding: Is the Jump Short? T. Prestileo et al. (*Infectious Disease Reports* 2022; 14(2): 220-7).

<https://pubmed.ncbi.nlm.nih.gov/35447879/>

Is breastfeeding an equipoise option in effectively treated HIV-infected mothers in high-income setting? C. Kahlert et al. (*Swiss Medical Weekly* 148:w14648, July 2018).

[10.4414/smw.2018.14648](https://doi.org/10.4414/smw.2018.14648)

No HIV Transmission From Virally Suppressed Mothers During Breastfeeding in Rural Tanzania. E. Luoga et al. (*J Acquir Immune Defic Syndr* 79:e17–20, September 2018).

<https://academy.hivjustice.net/resource/no-hiv-transmission-from-virally-suppressed-mothers-during-breastfeeding-in-rural-tanzania-2018/>

Prevention of HIV-1 Transmission Through Breastfeeding: Efficacy and Safety of Maternal Antiretroviral Therapy Versus Infant Nevirapine Prophylaxis for Duration of Breastfeeding in HIV-1-Infected Women With High CD4 Cell Count (IMPAACT PROMISE): A Randomized, Open-Label, Clinical Trial. PM. Flynn et al. (*J Acquir Immune Defic Syndr* Vol 77(4):383–392, April 2018).

DOI: [10.1097/QAI.0000000000001612](https://doi.org/10.1097/QAI.0000000000001612)

Successful implementation of new Swiss recommendations on breastfeeding of infants born to women living with HIV. Crisinel, P. A., et al. (*European journal of obstetrics, gynecology, and reproductive biology*, 283, 86–89. 2023)

<https://doi.org/10.1016/j.ejogrb.2023.02.013>

Women living with HIV in high-income settings and breastfeeding, E. Moseholm & N. Weis, (*J Intern Med* Vol. 287:1, 19-31, January 2020).
